REXA

An introduction

IT Una collezione concepita come uno spazio in cui sensorialità e funzionalità si uniscono e dialogano in modo armonioso.

In Vision i protagonisti sono elementi monoliti: moduli di contenimento che diventano volumi sospesi scolpiti, e pareti materiche che inglobano la parte tecnica e funzionale, celandola, per portare alla luce l'acqua attraverso gli elementi fonte e gli oggetti che la circondano.

EN A collection conceived as a space where sensoriality and functionality come together and interact harmoniously.

The protagonists in Vision are monolithic elements: storage units that become sculpted suspended modules and textured walls that incorporate the technical and functional part, hiding it, to enhance the water concept through the spring elements and the objects that surround it.

FR Une collection conçue comme un espace dans lequel sensorialité et fonctionnalité se rencontrent et dialoguent de manière harmonieuse.

Dans Vision, les protagonistes sont des éléments monolithiques, des modules de rangement qui

Monica Graffeo: Vision nasce dall'idea di trasformare la parete in un contenitore di funzioni, celando vani tecnici attrezzati e integrando i lavabi, che diventano fonti disegnate per portare alla luce il mondo dell'acqua e dei suoi rituali.

Monica Graffeo: The project was born from the idea of transforming the wall into a functional storage, hiding equipped technical compartments and integrating the washbasin, which become a sort of fountain designed to enhance the world of water and its rituals.

Monica Graffeo: Vision est née de l'idée de transformer le mur en un conteneur de fonctions, dissimulant des compartiments techniques équipés et intégrant les lavabos, qui deviennent des sources destinées à mettre en lumière le monde de l'eau et ses rituels.

Monica Graffeo: Vision entsteht durch die Idee, die Wand in einen Behälter für die Funktionen zu verwandeln, indem technische Räume verborgen und Waschbecken integriert werden, die sich in Quellen verwandeln, die entworfen wurden, um die Welt des Wassers und seiner Rituale zu enthüllen.

Monica Graffeo: Vision nace de la idea de transformar la pared en un contenedor de funciones, ocultando vanos técnicos equipados y incorporando los lavabos, que se convierten en fuentes diseñadas para traer a la luz el mundo del agua y de sus rituales.

deviennent des volumes sculptés suspendus, et des parois des matériaux qui intègrent la partie technique et fonctionnelle, la cachent, pour mettre l'eau en lumière à travers les éléments sources et les objets qui l'entourent.

DE Eine als Raum konzipierte Kollektion, in der Sinnlichkeit und Funktionalität harmonisch miteinander in Verbindung stehen.

In Vision sind die Protagonisten monolithische Eindämmungsmodule, die zu suspendierten Klumpen werden, und Materialwände, die den technischen und funktionellen Teil enthalten und verbergen, um das Wasser durch die Quelle-Elemente und der Objekte, die es umgeben, ans Licht zu bringen.

ES Una colección concebida como un espacio en el que sensorialidad y funcionalidad se unen y hablan de forma armoniosa.

En Vision los protagonistas son elementos monolíticos, módulos contenedores que se convierten en volúmenes suspendidos esculpidos, y paredes de materia que incorporan la parte técnica y funcional, ocultándola, para sacar el agua a la luz a través de los elementos fuente y los objetos que la rodean.

An introduction What is Vision

1.

Verticalità che contiene e regala volume allo spazio circostante.
Vertical storage that confers volume to the surrounding space.
Le rangement vertical donne du volume à l'espace environnant.
Höhe, die Volumen in den umliegenden Raum einbezieht und verschenkt.
Verticalidad que contiene y regala volumen al espacio circundante.

3.

Esperienza d'uso all'insegna di una funzionalità espressa solo all'occorrenza.
User experience where functionality is expressed only when necessary.
C'est une expérience d'utilisation où la fonctionnalité n'est exprimée que lorsque cela est nécessaire.
Bedienungserfahrung mit Funktionalität, die nur bei Bedarf zum Ausdruck kommt.
Experiencia de uso con funcionalidad expresada sólo cuando es necesario.

2.

Architetture monolitiche dall'effetto scenografico, essenziale.
Monolithic architectures with an essential, scenic effect.
Il propose des architectures monolithiques avec un effet scénographique, essentiel.
Monolithische Architekturen mit wesentlicher Bühnenwirkung.
Arquitecturas monolíticas de efecto escenográfico, esencial.

4.

Grande capacità di contenimento, compatibile anche con gli spazi più contenuti.
Large storage capacity, compatible with even smallest spaces.
Grande capacité de rangement, compatible même avec les plus petits espaces.
Grosse Auffangkapazität, kompatibel mit kleineren Räumen
Gran capacidad de contención, compatible también con los espacios más contenidos.

Modello registrato / IT Registered design

Rexa Design ha scelto di proteggere Vision come Modello Registrato a tutela dell'unicità del progetto.

Rexa Design has chosen to protect Vision as a Registered Model to preserve the uniqueness of the project.

Rexa Design a choisi de protéger Vision comme modèle enregistré pour protéger l'unicité du projet.

Rexa Design hat sich dafür entschieden, Vision als eingetragenes Modell zu schützen, um die Einzigartigkeit des Projekts zu wahren.

Rexa Design ha elegido proteger Vision como Modelo Registrado para proteger la singularidad del proyecto.

Materials and colours of Rexa

IT Rexa delinea i mondi materici coordinandoli per cromia e tattilità attraverso un sistema intuitivo e logico, pensato per un'efficace progettazione sensoriale dello spazio.

EN Rexa outlines the material worlds coordinating them by colour and tactility through an intuitive and logical system, designed to enhance the sensory spirit of space.

FR Rexa définit les mondes matériels en les coordonnant par chromie et tactilité à travers un système intuitif et logique, conçu pour une efficace conception sensorielle de l'espace.

DE Rexa definiert seine Materialwelten, indem es sie auf der Grundlage von Farben und Taktilität durch ein intuitives und logisches System koordiniert, das für eine wirksame, sensorische Gestaltung des Raums entwickelt wurde.

ES Rexa delinea los materiales coordinándolos por cromia y tacto a través de un sistema intuitivo y lógico, pensado para un eficaz diseño sensorial del espacio.

About

La collaborazione con Monica Graffeo come direttore creativo e product designer ha da sempre ispirato Rexa a indagare il rapporto fra tecnologia, benessere e creatività.

I suoi concept propongono una visione che pone al centro la persona e i suoi bisogni reali, quotidiani. La ricerca sull'evoluzione degli spazi e degli stili di vita e l'attenzione alla percezione sensoriale si traducono in soluzioni che aprono scenari progettuali per gli ambienti casa e contract. **MG:** "La sintonia con Rexa nasce dall'inclinazione condivisa a guardare oltre, mantenendo un forte senso di concretezza. Così è nato Vision: un progetto che ragiona su un contenimento a profondità contenuta e si sviluppa con proporzioni verticali, inglobando il lavabo e lasciando spazio libero per vivere meglio l'ambiente e per trovare le cose proprio dove ci servono, non in seconda o terza fila, ma tutto in primo piano."

The collaboration with Monica Graffeo as creative director and product designer has always inspired Rexa to investigate the relationship between technology, wellness and creativity.

Her concepts suggest a vision that focuses on the person and his/her concrete, everyday needs. The research on the evolution of spaces and lifestyles and the attention to sensory perception are translated into solutions that open up design scenarios for home and contract environments.

MG: "The synergy with Rexa comes from a shared attitude to look beyond, while keeping a strong sense of concreteness. That's how Vision was born: a project that focuses on a limited depth storage concept and develops towards vertical proportions, encompassing the washbasin and leaving free space for an improved space experience, and in order to find things right where we need them, not in the second or third row, but everything in the foreground."

La collaboration avec Monica Graffeo, directrice créative et designer de produits, a toujours inspiré Rexa à enquêter sur le rapport entre technologie, bien-être et créativité.

Ses concepts proposent une vision qui place au centre la personne même et ses besoins réels, quotidiens. La recherche sur l'évolution des espaces et des styles de vie et l'attention à la perception sensorielle se traduisent par des solutions qui ouvrent des scénarios de conception pour les environnements domestiques et contract. **MG:** "La syntonie avec Rexa naît de l'inclination partagée à regarder au-delà,

Monica Graffeo

en maintenant un fort sentiment de concret. Ainsi est né Vision : un projet qui raisonne sur un rangement à profondeur contenue et se développe avec des proportions verticales, en englobant le lavabo et en laissant de l'espace libre pour mieux vivre l'environnement et pour trouver les choses où il nous faut, pas dans la deuxième ou troisième rangée, mais au premier plan."

Die Zusammenarbeit mit Monica Graffeo als Kreativdirektorin und Produktdesignerin hat Rexa stets dazu inspiriert, die Beziehung zwischen Technologie, Wellness und Kreativität zu untersuchen.

Ihre Konzepte legen eine Vision nahe, die sich auf den Menschen und seine konkreten, alltäglichen Bedürfnisse konzentriert. Die Erforschung der Entwicklung von Räumen und Lebensstilen und die Aufmerksamkeit für die Sinneswahrnehmung werden in Lösungen umgesetzt, die Design-Szenarien für Wohn- und Objektbereiche eröffnen.

MG: "Die Synergie mit Rexa ergibt sich aus der gemeinsamen Einstellung, über den Tellerrand hinauszuschauen und gleichzeitig einen starken Sinn für das Konkrete zu behalten. So entstand Vision: ein Projekt, das sich auf ein Stauraumkonzept mit begrenzter Tiefe konzentriert und sich zu vertikalen Proportionen entwickelt, die das Waschbecken einschließen und Freiraum für ein verbessertes Raumerlebnis lassen, und um die Dinge genau dort zu finden, wo wir sie brauchen, nicht in der zweiten oder dritten Reihe, sondern alles im Vordergrund."

La colaboración con Monica Graffeo como directora creativa y product designer ha inspirado Rexa, a investigar la relación entre la tecnología, el bienestar y la creatividad.

Sus conceptos proponen una visión que pone en el centro la persona y sus necesidades reales, cotidianas. La investigación sobre la evolución de los espacios y de los estilos de vida y la atención a la percepción sensorial se traducen en soluciones que abren escenarios de diseño para los ambientes hogar y contract.

MG: "La sintonía con Rexa nace de la inclinación compartida de revisar, manteniendo un fuerte sentido de concreción. Así nació Vision: un proyecto que razona sobre una contención a profundidad contenida y se desarrolla con proporciones verticales, englobando el lavabo y dejando espacio libre para vivir mejor el ambiente y para encontrar las cosas precisamente donde nos sirven, no en segunda o tercera fila, pero todo en primer plano."

Inside Rexa

IT Esploriamo la stanza da bagno attraverso prospettive progettuali inedite, spinti dalla passione per i materiali e dalla curiosità per i modi di vivere questo spazio della casa, intimo e funzionale allo stesso tempo. Il design, la ricerca e la progettazione sono alla base del nostro operare, ci mettiamo in ascolto del mondo esterno interpretandone le suggestioni e dialoghiamo con i progettisti e i nostri clienti, mettendoci al loro fianco nell'impresa di progettare spazi per la vita delle persone.

EN We explore the bathroom through new design perspectives, driven by the passion for materials and curiosity for the ways of living this space of the house, intimate and functional at the same time. The design, the research and the project are the basis of our work, we listen to the outside world by interpreting its suggestions and we speak with the designers and our customers, sharing with them the business of designing spaces for people's lives.

FR Nous explorons la salle de bain à travers de nouvelles perspectives de design, animés par la passion des matériaux et la curiosité pour les façons de vivre cet espace de la maison, intime et fonctionnel à la fois. Le design, la recherche et le projet sont la base

Inside Rexa

de notre travail, nous écoutons le monde extérieur en interprétant ses suggestions et nous parlons avec les designers et nos clients, partageant avec eux le métier de concevoir des espaces pour la vie des gens.

DE Wir erforschen das Badezimmer aus neuen Designperspektiven, angetrieben von der Leidenschaft für Materialien und der Neugierde, wie man diesen intimen und doch funktionalen Raum im Haus erleben kann. Design, Forschung und Planung sind die Grundlage unserer Arbeit, wir hören auf die Welt da draußen, interpretieren ihre Anregungen und stehen im Dialog mit Designern und unseren Kunden, um gemeinsam mit ihnen Räume für das Leben der Menschen zu gestalten.

ES Exploramos el cuarto de baño a través de perspectivas de diseño inéditas, impulsados por la pasión por los materiales y la curiosidad por las formas de vivir este espacio de la casa íntimo y funcional al mismo tiempo. El design, la investigación y el diseño son la base de nuestro trabajo, nos ponemos a la escucha del mundo exterior interpretando las sugerencias y dialogamos con los diseñadores y nuestros clientes, poniéndonos a su lado en la empresa de proyectar espacios para la vida de las personas.
